

**DEL NORTE SOLID WASTE MANAGEMENT AUTHORITY
CITY OF CRESCENT CITY
COUNTY OF DEL NORTE
STATE OF CALIFORNIA**

**Board of Supervisors Chambers
Flynn Center 981 H Street
Crescent City, CA**

Special Session

Monday May 14, 2018

4:30 PM

++++
The Solid Waste Management Authority of the City of Crescent City and the County of Del Norte, State of California, is now meeting in Special Session. Only those items that indicate a specific time will be heard at the assigned time. All items may be taken out of sequence to accommodate public and staff availability.

++++
All documents referred to in this agenda are available at the Office of the Del Norte Solid Waste Management Authority at 1700 State Street in Crescent City, between the hours of 8 A.M. and 5 P.M. Monday through Friday OR online at www.recycledelnorte.ca.gov
For more information call 465-1100 or email dnswwma@recycledelnorte.ca.gov

**4:30 PM CALL MEETING TO ORDER / ROLL CALL
PLEDGE OF ALLEGIANCE**

PUBLIC COMMENTS:

4:30 PM ANY MEMBER OF THE PUBLIC MAY ADDRESS THE SOLID WASTE MANAGEMENT AUTHORITY ON ANY MATTER ON OR OFF THE AGENDA. After receiving recognition from the Chair, please give your name and address for the record. Comments will be limited to three minutes.

OPEN SESSION ITEMS:

1. CONSENT AGENDA

- 1.1 Approve minutes, Regular Session, Tuesday April 19, 2018. **
- 1.2 Approve payment of claim 8179 to Redwoods Leavitt Insurance in the amount of \$10,757.52. **
- 1.3 Approve sponsorship for the 2018 Del Norte County Fair in the amount of \$2,000.00 **
- 1.4 In response to a request from the Crescent City / Del Norte Chamber of Commerce, approve the following Authority-allocated bin pulls;
Three to support activities associated with 4th of July celebrations,
One to support Blues, Brews & Cruise on October 5th, and
Two to support Sea Cruise on October 6th. **
- 1.5 Approve budget transfer for FY 17/18 in the amount of \$12,050.00**

END CONSENT AGENDA

2. TREASURER'S REPORTS

Agenda items 2.1 through 2.5 are provided for information only

- 2.1 Director's Report for May 2018. **
- 2.2 Treasurer / Controller Reports for March 2018 **
- 2.3 Claims approved by Director & Treasurer for April 2018 **
- 2.4 Monthly Cash and Charge Reports for April 2018 **
- 2.5 Earned Revenue Comparisons between FY16/17 and FY17/18 **

DISCUSSION/ACTION ITEMS

3. LANDFILL POSTCLOSURE – No Items

4. COLLECTIONS FRANCHISE

- 4.1 Discussion and possible action regarding Collections Change Order 15, adjusting collection rates based on changes to the consumer price index (CPI-U). **

5. TRANSFER STATION

- 5.1 Discussion and possible action regarding Transfer Station Operations Change Order 27 adjusting transfer station operations fees based on changes to the consumer price index (CPI-U). **

6. OTHER GENERAL SOLID WASTE AUTHORITY MATTERS

- 6.1 Discussion and possible action regarding Resolution 2017-01, adjusting refuse disposal rates adjusting the Franchise Collection Rates and the Refuse Disposal Rates for the Del Norte County Transfer Station, the Klamath Transfer Station & the Gasquet Transfer Station. **
- 6.2 Discussion and possible action regarding advocacy positions for legislation being considered by the California Legislature, including support for the following bills: AB 2379 (Bloom), SB 1335 (Allen), AB 444 (Ting, Gray), AB 2779 (Stone, Calderon), AB 2766 (Berman), SB 452 (Glazer), SB 212 (Jackson), AB 1288 (Eggman), and AB 1884 (Calderon). **

7. ADJOURNMENT

Adjourn to the Regular Meeting of the Del Norte Solid Waste Management Authority scheduled for 3:30 P.M. Tuesday June 19, 2018 at the Del Norte County Board of Supervisors' Chambers, 981 H Street, Suite 100 in Crescent City.

Minutes

Special Session

Thursday April 19, 2018

3:30 PM

PRESENT:

Commissioner Blake Inscore, Chair
Commissioner Jason Greenough
Commissioner Lori Cowan
Director Tedd Ward
Legal Counsel Martha Rice (Arrived 3:36 P.M.)
Authority Clerk Kyra Seymour
Authority Treasurer/Controller Rich Taylor

ABSENT:

Commissioner Eli Naffah
Commissioner Chris Howard, Vice Chair

ALSO PRESENT:

Joel Wallen, Hambro / WSG
Jeremy Herber, Recology Del Norte
Wes White, Hambro / WSG
David Slagle CEO Hambro / WSG
Dominic Mello, Del Norte County Code Enforcement Officer
and Manager of The Del Norte Abandoned Vehicle
Abatement Service Authority

3:31 PM CALL MEETING TO ORDER

Chair Inscore called the meeting to order in special session at 3:31 P.M.

Roll was taken with Commissioner Cowan, Commissioner Greenough and Chair Inscore present. Commissioners Naffah and Howard were absent.

Commissioner Cowan led the pledge of allegiance.

TIMED ITEM 3:30 P.M. (Items were taken out of order)

6.6 Presentation of the 2018 Green Ribbon Awards. **071805**

Green Ribbon Awards were presented to the following:

- Louisa McCovey of the Yurok Tribal Council
- InterFaith Fellowship Council

- Walter Mackelberg of Surfrider Del Norte
- CA Dept of Fish and Wildlife, Gerry Hemmingsen, Helen Ferguson
- Pacific Shores Property Owners Association
- Roger Gitlin of Take a Bite Out of Blight
- Grant Werschkull of Smith River Alliance
- David Slagle, and Randy Scott of Hambro/ WSG
- Richard Knutson of Westpark Properties

PUBLIC COMMENTS:

3:47 PM Chair Inscore called for public comments at 3:47 P.M.

Eileen Cooper (County) suggested that the Authority sell pre-paid bags that could be disposed at the Del Norte County Transfer Station without waiting in line with the other customers going over the scales.

OPEN SESSION ITEMS:

1. CONSENT AGENDA

- 1.1 Approve minutes, Regular Session, Tuesday March 20, 2018.
- 1.2 Approve Director's vacation requests: 3-6 May 2018, 9-17 June 2018, 9-16 July 2018, and 5-12 August 2018.
- 1.3 Approve payment of claim 8148 to Hi-Tech Security for invoice 18-02184 in the amount of \$9,880.00 for addition of cameras and surveillance system upgrade.
- 1.4 Approve payment of claim 8147 to North Coast Laboratories, Ltd. for invoices 139040, 138962, 138708 and 138681 in the total amount of \$10,690.00 for analysis of water samples.
- 1.5 Approve budget transfer for FY 17/18 in the amount of \$12,615.00 **022101**

END CONSENT AGENDA

On a motion by Commissioner Cowan seconded by Commissioner Greenough and unanimously carried on a polled vote, the Del Norte Solid Waste Management Authority Board approved the items on the consent agenda.

2. TREASURER'S REPORTS

Agenda items 2.1 through 2.5 are provided for information only

- 2.1 Director's Report for April 2018. **231501**
- 2.2 Treasurer / Controller Reports for February 2018

- 2.3 Claims approved by Director & Treasurer for March 2018 **031202**
- 2.4 Monthly Cash and Charge Reports for March 2018
- 2.5 Earned Revenue Comparisons between FY16/17 and FY17/18

All items 2.1 through 2.5 were presented by Director Ward and accepted.

At 3:58 P.M. The Chair adjourned the meeting of the Del Norte Solid Waste Authority and immediately convened as the Abandoned Vehicle Authority (AVA) with Chair Inscore, Commissioners Cowan, and Greenough present, and Commissioners Naffah, and Howard absent.

TIMED ITEM: 4:00 P.M. (Items 7.1 and 7.2 taken out of order)

ABANDONED VEHICLE ABATEMENT SERVICE AUTHORITY

7.1 Discussion regarding a status report of activities of the Abandoned Vehicle Abatement Service Authority since January 2018. **010203**

7.2 Discussion and possible action regarding review, comment and process for approving the draft Abandoned Vehicle Abatement Service Authority Budget for FY 17/18. **010203**

On a motion by Commissioner Cowan seconded by Commissioner Greenough and unanimously carried on a polled vote, the Abandoned Vehicle Authority approved the draft Abandoned Vehicle Abatement Service Authority Budget for FY 17/18.

At 4:02 P.M. The Chair adjourned the meeting of the Abandoned Vehicle Authority (AVA) and immediately reconvened as the Del Norte Solid Waste Authority with Chair Inscore, Commissioners Cowan, and Greenough present, with Commissioners Naffah, and Howard absent.

DISCUSSION/ACTION ITEMS:

3. LANDFILL POSTCLOSURE

3.1 Discussion and possible action regarding Change Order 3 to the Professional Services Agreement with Lawrence & Associates, preparing required semi-annual reports and technical support through the first half of 2022 for an additional amount not to exceed \$23,420. **23010A, 230102**

On a motion by Commissioner Greenough seconded by Commissioner Cowan and unanimously carried on a polled vote, The Del Norte Solid Waste Management Authority approved and adopted Change Order 3 to the Professional Services Agreement with Lawrence & Associates, preparing required semi-annual reports and technical support through the first half of 2022 for an additional amount not to exceed \$23,420.

4. COLLECTIONS FRANCHISE

- 4.1 Discussion and possible action regarding a letter dated 26 March 2018 from Jeremy Herber, General Manager of Recology Del Norte, and status of contamination and strategic actions to reduce non-recyclable materials in Recology Del Norte's recycling programs. **180510, 180516**

Jeremy Herber read a statement to the Board, and discussion about state of recycling followed. Director Ward presented a timeline of actions taken thus far, and additional possible actions for the Board to consider to reduce the amount of trash in Recology's recycling programs.

Chair Inscore appointed Commissioners Howard and Greenough to the Franchise Collections Ad Hoc Committee (with the caveat that if Howard is unable then the appointment would fall to Cowan.)

5. TRANSFER STATION – No Items

6. OTHER GENERAL SOLID WASTE AUTHORITY MATTERS

- 6.1 Discussion and possible action regarding the following requests for Authority-allocated dumpsters:
- a. Two allocated bin pulls, plus the waiver of disposal fees for four additional dumpsters to be delivered by the Yurok Tribe to support of Klamath River Cleanup.
 - b. One allocated bin pull to support Crescent City's cleanup of parcels at the end of Fifth Street. **031205**

On a motion by Commissioner Cowan seconded by Commissioner Greenough and unanimously carried on a polled vote, The Del Norte Solid Waste Management Authority approved these requests for Authority-allocated dumpsters:

Two allocated bin pulls, plus the waiver of disposal fees for four additional dumpsters to be delivered by the Yurok Tribe to support of Klamath River Cleanup.

One allocated bin pull to support Crescent City's cleanup of parcels at the end of Fifth Street.

6.2 Discussion and possible action regarding ratifying signature on an Engagement letter with Bickmore for OPEB Actuarial Evaluation Services not to exceed \$4,700. **180520**

On a motion by Commissioner Greenough seconded by Commissioner Cowan and unanimously carried on a polled vote, The Del Norte Solid Waste Management Authority approved ratifying signature on an Engagement letter with Bickmore for OPEB Actuarial Evaluation Services not to exceed \$4,700.

6.3 Discussion and possible action regarding review, comment and process for approving the draft Del Norte Solid Waste Management Authority Budget for FY 18/19.

On a motion by Commissioner Greenough seconded by Commissioner Cowan and unanimously carried on a polled vote, The Del Norte Solid Waste Management Authority approved the draft Del Norte Solid Waste Management Authority Budget for FY 18/19.

6.4 Discussion and possible action regarding setting a Special Meeting for Monday May 14, 2018 starting at 4:30 P.M. and cancelling the Regular Authority meeting of May 15, 2018.

The board agreed by Consensus regarding setting a Special Meeting for Monday May 14, 2018 starting at 4:30 P.M. and cancelling the Regular Authority meeting of May 15, 2018.

6.5 Discussion and possible approval of sending letters opposing AB 2921 (Low)

The board agreed by Consensus to the approval of sending letters opposing AB 2921 (Low)

7. **ADJOURNMENT**

Adjourn to the next Special Meeting of the Del Norte Solid Waste Management Authority scheduled for 4:30 P.M., 2018 at the Del Norte County Board of Supervisors' Chambers, 981 H Street, Suite 100 in Crescent City.

There being no further business to come before the authority, the Chair adjourned the meeting at 5:03 P.M., until the special meeting on Monday May 14th 2018

Crescent City, Ca. 95531

Subject: 2018 Fair Sponsorship Family Day

Dear Ted,

We are in the planning stages of the 2018 Fair, which will be held August 2-5. In the past the Solid Waste Board has sponsored Family Day. Family Day is the last day of the fair, August 5th. Families receive admission to the fair for a low discounted price compliment of Solid Waste Authority. The sponsorship for the day is \$2,000. For exchange of your sponsorship, the Authority will be mentioned in our advertisements, provided space for a sign at each entrances, and provide booth space to give away information about the Authority. We also will have a link on our web site for your company and your name will be on our electric billboard prior to fair. . If you have any questions regarding Family Day sponsorship, please call me.

Thank you,

Kim Floyd
CEO

CRESCENT CITY / DEL NORTE CHAMBER OF COMMERCE

1001 Front Street ▪ Crescent City CA 95531
www.delnorte.org ▪ 707-464-3174

May 9, 2017

The Crescent City/Del Norte Chamber of Commerce is requesting a fee waiver for the disposal of the following after these local events.

4th of July Festival in Beachfront Park, July 4, 2018:

- one (1) 40 yard dumpster on Front Street
- one (1) 20 yard dumpster on Stamps Way

Parade Carts (paired sets along the parade route):

- eleven (11) 64 gal. trash receptacles
- eleven (11) 64 gal. recycle receptacles

Blues, Brews & Cruise in downtown Crescent City or Beachfront Park, October 5, 2018:

- one (1) 20 yard dumpster

Sea Cruise in Beachfront Park, October 6, 2018:

- one (1) 20 yard dumpster and
- one (1) 40 yard dumpster

We really appreciate the support your organization has provided for our community festivals. We look forward to teaming with the Solid Waste Management Authority for future events.

If you have any questions, please call the Chamber office at 707-464-3174. I would be happy to discuss the nature of this request.

With respect,

Sarah Caron
Executive Director
Crescent City/Del Norte Chamber of Commerce

The Authority's mission is the management of Del Norte County solid waste and recyclable material in an environmentally sound, cost effective, efficient and safe manner while ensuring 100% regulatory compliance with law.

Director's Report

Date: 14 May 2018
To: Commissioners of the Del Norte Solid Waste Management Authority
From: Tedd Ward, M.S. – Director *Tedd*
Reporting Period: 13 April 2018 – 10 May 2018
Attachments: Recology Del Norte reports re. recycling contamination
08 May 2018 Letter from Scott Smithline of CalRecycle
DSNWMA Organizational Staffing Chart – May 2018

File Number: **231501 – Authority Work Plans**

Summary: The Del Norte Solid Waste Management Authority continues to operate the Klamath, Gasquet and Del Norte County Transfer Stations and to provide required monitoring, accounting and reports to overseeing agencies. Authority staff provide these services without any financial support from the City of Crescent City or the County of Del Norte, and without receiving a penny of taxes. The rates charged at Authority-managed facilities continue to be lower than any comparable facilities in Humboldt or Curry Counties.

Upcoming Events:
May 24th – Fifth Street Cleanup organized by City
Spring Clean Sweep May 29 & 30th – City residents only
June 1 – Klamath Transfer Station open on Fridays
June 7th – Gasquet Transfer Station open on Thursdays
June 8th at 11:30 AM on KFUG – Rethinking Recycling

Consent Agenda Items: All claims larger than \$5,000 (which are not regular monthly payments to Hambro/WSG for transfer station operations services) must be separately approved by the Authority Board. Claims under agenda items 1.3 and 1.4 are over \$5,000.

Agenda Item 1.2 is payment to Redwoods-Leavitt Insurance for office and facility insurance. Many of these insurance requirements are specified within the I-Bank loan documents used to finance construction of the Del Norte County Transfer Station.

Agenda Item 1.3 is a request from the Del Norte County Fair requesting the Authority continue our tradition of sponsoring Family Day at the 2018 Del Norte County Fair.

Agenda Item 1.4 is a request for six Authority-allocated bin pulls to support the following community events: July 4th, including the parade route; Blues, Brews & Cruise, and Sea Cruise.

Agenda Item 1.5 is a budget transfer in the amount of \$12,500. If approved, this will add amounts to budget lines for Office insurance and software, as our renewals for these services arrive towards the end of the fiscal year. We are also slightly increasing the amount for collections of bins from the Klamath and Gasquet Transfer Stations, as we are seeing increasing disposal from these facilities. These expenses are balanced by a reduction in the Payroll line, which is well ahead of budget at this point.

Collections and Processing: **Agenda Item 4.1** is a Collections Change Order adjusting Recology Del Norte's rates for collection services. As the per-ton disposal rates have increased by more than 5% since the disposal rate components were last adjusted in 2014, disposal components were also adjusted. For this reason, service fees that have a relatively larger disposal component have a larger % increase. Customer rates under this Change Order generally will increase between 2% and 4%, though the rates for 20,30, and 40 cubic yard temporary bins will increase by about 7.2% for this reason.

Facilities: **Agenda Item 5.1** and **Agenda Item 6.1** adjust the rates at the Del Norte County, Klamath and Gasquet Transfer Stations based on the Authority's agreement with Hambro/WSG and changes to the Consumer Price Index for all Urban Consumers (CPI-U). The disposal rate for solid waste would increase from \$148.50 to \$151.44 per ton, an increase of just under 2%. The minimum charge would increase from \$7.50 to \$7.75 for up to 100 pounds.

Landfill Postclosure: Facilities and Programs Coordinator Kyra Seymour continues to monitor and maintain the landfill. Last month, she worked with Floyd Clemmons to mow the top of the landfill, and will be working with the Alder Camp crew to cut vegetation on the sideslopes and around the perimeter road.

On April 22nd, Director Ward worked with volunteers from Del Norte SurfRider on the beach cleanup as well as working with the Tolowa Dunes Stewards to cut down scotch broom on the landfill property.

The Mattress Recycling Council (MRC) has successfully negotiated with Humboldt Moving & Storage to provide no-cost drop-off of mattresses and box springs for recycling every Wednesday from 9 AM until 1 PM. Though staff are excited about this more frequent and convenient mattress recycling drop-off location, staff will continue to

advocate that so long as MRC is allowed every day to collect \$10.50 per mattress and box spring sold in Del Norte, free mattress recycling drop-off services should be available in Del Norte every one of those days. Staff also provided feedback to MRC regarding the content of ads related to Humboldt Moving & Storage's receipt of mattresses.

Compliance: On May 7th, Director Ward presented the draft Authority budget for FY 17/18 to the City Council. No action was taken.

Outreach / Events: On May 11^h at 11:30 AM, staff produced the third broadcast of a 30 minute program on KFUG, Rethinking Recycling. This month's program focused on yard debris, food waste, and composting. These programs will continue on the second Friday of each month at 11:30 AM. Recordings of these programs are posted both on the KFUG and the DNSWMA websites.

On Saturday May 12th, Facilities & Programs Coordinator Kyra Seymour presenter her first Backyard Composting course at the Community Health Clinic on Washington Blvd.

Advocacy: **Agenda Item 6.2** pertains to California legislation, recommending advocacy positions on nine bills.

Personnel / Staffing: This month the Authority hired two temporary/part-time refuse site attendants, Scott Leggett and James Vancleave. Mr. Leggett had previously been a refuse site attendant for the Authority. Training for both of these employees has begun.

DEPARTMENT OF RESOURCES RECYCLING AND RECOVERY

1001 I STREET, SACRAMENTO, CALIFORNIA 95814 • WWW.CALRECYCLE.CA.GOV • (916) 322-4027
P.O. BOX 4025, SACRAMENTO, CALIFORNIA 95812

May 8, 2018

In light of recent changes to China's import policies, I'm writing to share an update on California's recycling markets, answer questions regarding jurisdiction compliance, emphasize the importance of health and safety at solid waste facilities, and discuss what lies ahead. On May 4th, China stopped accepting any imports of recyclable materials from the United States for one month. This decision follows China's implementation of its National Sword policy on March 1st, banning the imports of 24 categories of scrap materials including low grade plastics and unsorted mixed paper, and setting strict contamination standards for allowable bales of recyclable material. The exporting of recyclable commodities to China, primarily our traditional curbside materials, has historically been a key component of California's recycling infrastructure. Approximately two thirds of curbside collected material is exported to foreign markets. In 2016, 62 percent of the exported recyclable materials were sent to China. However, China's implementation of National Sword is a major disruption in recycling commodities markets, a signal that California can no longer be primarily reliant on exports to manage our recyclable materials.

These new policies provide California with an opportunity to take a couple of important steps: first, to reduce our waste, and second, to work together to build infrastructure and domestic markets to successfully and responsibly manage our recyclable materials. Each of these will take investment and collaboration across state and local governments, the solid waste industry, manufacturers, and rate-payers. These are critical steps to improve the environment and economy here in California and beyond, although they will take time.

We're already witnessing the effect of China's new policy. Material flow is significantly disrupted and the economics of recycling are unfavorable for many recyclable commodities, challenging what recycling means to Californians.

This letter is intended to address concerns I have been hearing from local governments and industry about the impacts of China's import policies. I would like to reassure local governments that we have existing statutory policies to address the impact of markets when determining whether or not a jurisdiction has made a good faith effort to implement its diversion programs for compliance with AB 939. I am aware that facilities are having a hard time moving recyclable materials and are keeping them on site in significant quantities. If facilities are temporarily storing materials for longer periods, public health and safety should be their number one priority. Finally, looking toward the long-term, we will need more domestic infrastructure to manufacture products using California's recycled content feedstock. This valuable infrastructure will not only support the domestic recyclable commodities market but also support SB 1383's goal to reduce disposal of organic waste by 75 percent.

Let me expand on these points.

Considering Market Factors When Evaluating Jurisdiction Performance

Given shifting markets for recyclable commodities, it is important to clarify that CalRecycle takes market conditions into consideration when evaluating a jurisdiction's compliance with the following state recycling laws; AB 939, mandatory commercial recycling, and mandatory organics recycling. I have heard many stakeholders express concerns that CalRecycle will not take market factors – e.g., the precipitous drop in ability to get collected materials to market at an adequate price or even at all – into consideration when we evaluate jurisdiction programs. Jurisdictions are concerned that this could lead to potential penalties for situations that jurisdictions cannot control. This is not what statute dictates. Specifically, under existing statute, regulations, and policy, CalRecycle already takes market conditions into consideration when determining "good faith effort" in evaluating each jurisdiction's program implementation. CalRecycle recognizes that over the short term, lack of markets is not indicative of a jurisdiction's efforts to implement its programs fully. Additionally, a jurisdiction's achievement of its 50 percent requirement is not determinative for assessing compliance. Instead, CalRecycle's jurisdictional review focuses on program implementation and includes the assessment of barriers a jurisdiction is facing, including a lack of markets.

The following is an overview of the applicable statutes, regulations, and policies utilized when evaluating a jurisdiction's performance. I am providing you with this level of detail because it is descriptive of how we have reviewed jurisdiction program implementation in the past and how we will continue to do so in light of National Sword.

California Public Resources Code [41825\(e\)\(3\)](#) establishes that CalRecycle must consider the enforcement criteria included in its enforcement policy, known as the Countywide Integrated Waste Management Plan (CIWMP) Enforcement Policy Part II. This is the guiding process for determining compliance for a number of programs. CalRecycle periodically revises this policy to incorporate the goals of new statutes, as it did for [AB 341](#) and [AB 1826](#). Staff uses the criteria delineated in the policy to determine the extent to which a jurisdiction has implemented, or shown a good faith effort to implement, its selected diversion programs. Staff also uses the identified criteria to assist local jurisdictions who may need help in identifying why implementation of diversion programs is failing to achieve the results expected, or is failing to meet the diversion requirements. We want jurisdictions to be successful in implementing diversion programs.

The [CIWMP Enforcement Policy Part II](#) specifically includes consideration of markets for [AB 939 Source Reduction and Recycling Element \(SRRE\)](#), [Mandatory Commercial Recycling \(AB 341\)](#) and [Mandatory Commercial Organics Recycling \(AB 1826\)](#) compliance review. The following are some of our current review processes and the factors we consider when determining if a jurisdiction has met their diversion goals.

AB 939 review: As part of the review process, CalRecycle investigates the extent to which a jurisdiction has tried to meet the diversion requirements through its selected diversion programs, and the reasons it has failed to implement some or all of those diversion programs. Staff uses the criteria in the Enforcement Policy to assess the specific conditions that may have prevented a jurisdiction from meeting its 50 percent equivalent per capita disposal target, and whether a good faith effort was made by the jurisdiction to meet the requirements. The analysis for a jurisdiction that is not meeting its 50 percent target includes considering availability of markets and specific criteria can be found here: [CIWMP Enforcement Policy Part II, pages 4 and 11](#).

Mandatory Commercial Recycling (MCR) and Mandatory Commercial Organics Recycling (MORe) review: CalRecycle also reviews jurisdictions' implementation of their MCR and MORe

programs. If a jurisdiction has not been able to implement a commercial recycling program that is appropriate for the jurisdiction and meets the needs of its businesses, CalRecycle looks at a number of factors in assessing whether the jurisdiction has made a good faith effort to implement these programs. These factors include the impact of markets and the efforts the jurisdiction has made to investigate local and regional marketing options and recycling opportunities with the private sector. More specifics can be found in the CIWMP Enforcement Policy Part II, page 22 re: MCR and 28-29 re: MORe, and PRC 42649.3(i)(5) and 42649.82(h)(6) and 14 California Code of Regulations §18839.

Health and Safety Considerations Associated with Storage

We understand that National Sword is causing back-ups and longer storage times of processed recycled materials at solid waste facilities and recycling centers. Solid waste facility operators can discuss potential permitting options or request a Solid Waste Local Enforcement Agency to grant a temporary waiver of storage restrictions. The waiver would allow additional amounts of recyclables and longer timeframes to store recyclables at the solid waste site as long as the additional storage does not create public health and safety or environmental issues. The process for requesting and processing a temporary waiver is found in state solid waste regulations. In addition, public health and safety is a priority at solid waste facilities and recycling centers. Several industry sources have published best management practices for the storage of baled recyclable materials. We've provided a synopsis of these practices below:

Have a Storage Management Operations Plan describing procedures for receiving, storing, and shipping baled recyclables.

- Unload baled recyclables by forklift and stack in a specific storage area in a configuration that provides for long-term stability. If applicable, stacked bales may be overlapped or staggered to improve the stability of the stacks. Height of the bales should be no greater than four bales high.
- The bale storage area should allow forklift operators to safely move materials and allow for the safe loading of trailers that are picking up bales of materials.

To prevent contact with storm water, and to control vectors and nuisance, the following may be employed:

- Limit bale contact with the ground (e.g., on pallets and/or tarps)
- Maintain facility cleaning, housekeeping and litter control
- Remove putrescible material, if observed
- Maintain heavy equipment to ensure no oil or fuel leakage occurs; clean up spills or leaks immediately
- Establish a first in/first out material handling process
- Where necessary, place berms or other structures to divert storm water from coming into contact with bales

Fire Hazard Mitigations:

- Consult with your local fire district to employ fire hazard mitigations
- Keep adequate heavy equipment available on-site: (e.g., front loaders, bulldozers, water trucks, bobcats), fire hoses, dedicated fire pump and water tanks, and fire extinguishers.
- Identify a maximum size of the storage area including length/width/height.
- Maintain appropriate spacing between piles and the perimeter, maintain fire lanes
- Inspect piles daily for potential fire hazards
- Monitor pile temperatures at least once a week

Coordinate with the Local Enforcement Agency and any local or state authorities responsible for the regulatory oversight of the facility.

For further information on best practices for storing materials, here are some additional resources from [Waste 360](#) and [Environmental Protection Authority, Victoria](#).

Reducing Waste and Increasing Domestic Infrastructure

Reducing the generation of waste before it enters the waste stream reduces costs and conserves resources. Manufacturers, consumers, and governments all have a role to play in reducing waste. For example, manufacturers can reduce unnecessary packaging on products, consumers can choose to use reusable instead of single use, disposable products, and local government can procure products with recycled content. Waste prevention has the potential to reduce reliance on foreign markets, as there is no need to export what California has not generated. We will continue to work with you and all stakeholders to develop waste prevention opportunities and policies. With that said, we will continue to generate a significant amount of materials in California. Upstream solutions will need to be paired with the development of domestic processing and manufacturing for us to successfully manage our recyclables.

Building infrastructure to handle the materials we collect now, and the even greater amounts we will need to collect when SB 1383 goes into effect, is a daunting long-term task that will take years to achieve. Given the unpredictability of the marketplace, it's even more important that state and local governments and the private sector begin making siting and investment decisions now to develop more domestic (California and the U.S.) infrastructure for manufacturers using recycled content feedstock.

As CalRecycle communicated in January, we are committed to using our [available resources](#) to help build a more robust materials processing infrastructure in California. CalRecycle currently provides funding through its greenhouse gas (GHG) grant and loan programs and Recycling Market Development Zone program (RMDZ), and we work closely with the Governor's Office of Business and Economic Development (GO-Biz) to assist manufacturers that want to site or expand their operations in the state. Over the past four years, the GHG grant program has provided \$86 million in funding to 31 recycling projects and the GHG loan program has provided \$1.5 million in funding for two projects for construction, renovation, and expansion of new in-state capacity. The RMDZ loan program has provided \$145 million in funding to 192 recycling manufacturers in the state, since inception of the RMDZ loan program in FY 1993-94. There is increasing enthusiasm from companies interested in utilizing California's waste stream to make new products such as compost, biofuels, fibers and plastics. I urge you to take advantage of these.

Another opportunity to support manufacturers using recycled content feedstock is for jurisdictions to ensure their General Plan includes these types of facilities in their land use element. Just last year the California Governor's Office of Planning and Research (OPR) completed the first comprehensive update to the General Plan Guidelines (GPG) since 2003 ([General Plan Guidelines Update, Completed August 2, 2017](#)). One of the major changes includes an expanded section addressing the need for additional recycling, anaerobic digestion, composting, and manufacturing facilities in the land use element. This new guidance provides examples for local jurisdictions to use when updating their General Plans. Additional information is on the [OPR General Plan Guidelines website](#). You can stay informed about GPG-related information by [signing up for the GPG email list](#).

Next Steps

CalRecycle will host a workshop in Sacramento in early June to encourage dialogue and share information about the impacts of China's import policies. Workshop details will be posted on our [National Sword website](#). We will use this convening as an opportunity to discuss changing market dynamics, impacts on facilities, domestic capacity for processing and manufacturing using recycled content, and to identify other short and long-term solutions to the current recycling challenges. This is not the first time the international recycling commodities market has faced a major disruption and it won't be the last. California must capitalize on these disruptions and turn them into an opportunity to strengthen our environmental resilience and our economy. This will require us to reassess product design, materials collection, and processing systems. I look forward to working with you to build a more sustainable recycling infrastructure in California.

Subject: FW: Recology Recycling Weekly Update for April 15th, 2018 to April 21st, 2018.

Tedd,

We are continuing to collect approximately 75% - 80% of the recyclable volume in Del Norte. Recycling stream continues to remain in the area of 15%-20% contamination depending on the locations serviced during the week.

We are still evaluating the recycling loads daily, however we are seeing levels of contamination somewhat stable. Commercial collection routes appear to have improved the most. We have seen a small decrease from the residential recycling collection
With the exception of a few areas.

The Community bins remain at a high contamination level around 30%-50% depending on location. Community bins are seeing a higher level of trash bags with trash in them since we implemented the bag ban. Most of the increase in trash has taken place in the Smith River locations along with locks being cut to access the CRV material.
We are collecting fewer recyclables, and seeing an increase in trash deposits.

The routes that are consistently being processed are the following:

- 131 Residential Curbside Recycling
- 132 Residential Curbside Recycling
- 133 Commercial Recycling

Gasquet and Klamath transfer stations are being processed when full.
Last week we also processed both recycling bins from the transfer station on State street.
Both Smith river and Fort Dick recycling containers are being processed when not extremely contaminated.
70% Streetside recycling containers are being recycled unless extremely contaminated with food waste.

Bettendorf's trailer has the ability to carry 136 Yards of recyclables. Our average weight of material being loaded On the truck as recyclables is approximately **10 to 11 tons each load.**

Last week we delivered 3 loads to Recology Humboldt (Somoa Facility)

Most of the cardboard is being removed from the recycling loads and processed in Del Norte County.

Best Regards,

Jeremy Herber
General Manager

COLLECTIONS CHANGE ORDER 15

CONTRACT: FRANCHISE AGREEMENT FOR SOLID WASTE AND RECYCLABLES COLLECTION SERVICES FOR CRESCENT CITY AND DEL NORTE COUNTY, CALIFORNIA

CONTRACTOR: RECOLOGY DEL NORTE, INC.
AUTHORITY: DEL NORTE SOLID WASTE MANAGEMENT AUTHORITY
SUBJECT: CPI-BASED RATE ADJUSTMENT

NATURE OF CHANGES: This Change Order grants Contractor an increase as described under section 7.02.B of the Agreement, based on 85% of the change in the Consumer Price Index for All Urban Consumers (CPI-U) using the CPI Beginning Index for January 2011 (220.223), the CPI Extension Index for March 2018 (249.554). Using the formula in section 7.02.B, the extension adjustment factor is calculated to be 1.1132096. In addition, per ton disposal rate at the Del Norte County Transfer Station will increase to \$151.44 starting in July 2018, representing an increase of more than 5% since this amount was adjusted under Change Order 5 (when the per-ton fee was \$142.24 per ton). As requested by Recology Del Norte, under section **7.03.B(3)** of the Agreement, the new collection rates, with rate components for Collection, Transport and Tipping will have the 'Tipping' portion of each rate increase by $(151.44/127.08 = 1.1916530)$. The new collection rates are attached as Schedule A (revised July 2018), and will be effective starting 01 July 2018, and are effective until further modified by the Authority Board.

Contract Time: Contract time remains unchanged. The rates and services described in this Change Order may be offered to customers within the Franchise area once this Change Order has been approved and executed.

Contract Price: This Change Order makes the following changes to the Contract Price: Contractor may collect amounts not to exceed the rates described on the next page of this Change Order (Schedule A) from customers for the services described therein.

This Change Order is hereby approved:

Weekend collection	50% Additional

Rates Effective Starting July 2018

Monthly Rates for Weekly Commercial Collections

	Trash (including Recycling for >0.9 cy if Multi-family)	Brush Only	Recycling Only
32 Gallon Commercial Cart *	\$ 42.45	\$ 11.82	\$ 24.11
64 Gallon Commercial Cart *	\$ 84.90	\$ 23.95	\$ 48.22
96 Gallon Commercial Cart *	\$ 148.59	\$ 43.88	\$ 84.40
1 cubic yard bin	\$ 150.03	\$ 104.96	\$ 83.35
1.5 cubic yard bin	\$ 216.06	\$ 149.43	\$ 120.02
2 cubic yard bin	\$ 269.09	\$ 182.37	\$ 149.48
3 cubic yard bin	\$ 389.65	\$ 261.12	\$ 216.45
4 cubic yard bin	\$ 487.69	\$ 319.86	\$ 270.91
6 cubic yard bin	\$ 706.30	\$ 457.35	\$ 392.35
10 cubic yard bin	\$ 2,385.96	\$ 1,484.37	\$ 1,325.40
20 cubic yard bin	\$ 3,342.81	\$ 1,929.67	\$ 1,723.01
30 cubic yard bin	\$ 4,177.52	\$ 2,411.52	\$ 2,153.26
40 cubic yard bin	\$ 5,012.22	\$ 2,893.35	\$ 2,583.49

* Trash service in these sizes includes a weekly recycling cart collection at no additional charge.

Other Collection Services, per collection

Commercial Compactors	\$ 76.74 per cubic yard per collection
Pre-paid single-family residential bags	\$ 8.03 per bag
Extra residential bulky item collection	\$ 68.82 per extra bulky item

Municipal Collection and Transport Services

Treatment Plant Sludge, screenings, slurrings and grit	\$ 186.18 per ton, incl. transport and disposal
Collection, hauling and unloading bins as directed	\$ 193.83 per haul

Maximum Allowed Weights by Container Volume

	Maximum Allowed Weight
Pre-paid single-family residential bags	40 pounds
20 Gallon Cart	40 pounds
32 Gallon Cart	60 pounds
64 Gallon Cart	120 pounds
96 Gallon Cart	180 pounds
2 cubic yards	560 pounds
3 cubic yards	840 tons
4 cubic yards	1100 tons
6 cubic yards	1660 tons
10 cubic yards	3,000 tons
20 cubic yards	4,250 tons
30 cubic yards	5,500 tons
40 cubic yards	6,250 tons

Bags, Carts, and Bins placed for collection with more than the allowed weight may not be collected. If Recology Del Norte collects on over-weight containers, they may charge for the amount over the allowed weight for that size container, at the approved rates charged at the Del Norte County Transfer Station.

12 May 2018

TRANSFER STATION OPERATIONS CHANGE ORDER 27

CONTRACT: AGREEMENT FOR OPERATIONS OF A TRANSFER STATION, RECOVERY, TRANSPORTATION AND DISPOSAL OF WASTE FROM THE DEL NORTE COUNTY TRANSFER STATION, DEL NORTE COUNTY, CA

CONTRACTOR: HAMBRO / WASTE SOLUTIONS GROUP
AGENCY: DEL NORTE SOLID WASTE MANAGEMENT AUTHORITY
SUBJECT: RATE ADJUSTMENTS BASED ON CHANGES TO CPI

NATURE OF CHANGES: This Change Order revises the fees to be paid to Contractor based on the changes to the cost for disposal, changes to the Consumer Price Index as allowed under **Division IV, section 5.A.i** of the Agreement. The calculated extension adjustment factor is based on 80% of the change in the Consumer Price Index for All Urban Consumers using the CPI Beginning Index for July 2003 (183.9), and the CPI Extension Index for March 2018 (249.554). Using the formula in **Division IV, section 5.A.i**, the extension adjustment factor is calculated to be (1.285607).

The new transfer station operations fees are described on the following page, and will be effective starting 01 July 2018, and will remain in effect until further modified by the Authority Board.

Contract Time: The term of the Transfer Operations Agreement remains unchanged by this Change Order.

Contract Price: This Change Order makes the changes identified on the next page to the Contract Price starting on 01 July 2018. The new Operations, Transport and Recycling service fee components under Change Order 27 include all prior adjustments to fees based on changes to the Consumer Price Index for all Urban Consumers (CPI-U).

This Change Order is hereby approved:

RESOLUTION 2018 — 01

**A RESOLUTION OF THE BOARD OF COMMISSIONERS
OF THE DEL NORTE SOLID WASTE MANAGEMENT AUTHORITY
ADJUSTING THE FRANCHISE COLLECTION RATES & REFUSE DISPOSAL RATES
FOR THE DEL NORTE COUNTY TRANSFER STATION, THE KLAMATH TRANSFER
STATION & THE GASQUET TRANSFER STATION**

WHEREAS, the Del Norte Solid Waste Management Authority has adopted Ordinance 11-01, pertaining to fees and charges for the collection and disposal of solid waste in Del Norte County; and

WHEREAS, Section 7.04, subdivisions D, E and G, of Ordinance 11-01, provides that the Authority Board may by Resolution revise the Refuse Disposal Rates for the Del Norte County Transfer Station, the Small-volume Transfer Stations in Gasquet and Klamath, as well as the maximum rates to be charged by the Franchisee for municipal solid waste, green waste and recyclable materials collection and disposal services provided under the Franchise Agreement; and

WHEREAS, the Authority Board has adopted Transfer Station Operations Change Order 27 which modifies the payments to Hambro/WSG, based on 80% of the changes to the Consumer Price Index between July 2003 and March 2018, and with a maximum increase of not more than 3% per year, for services provided at the Del Norte County Transfer Station in accordance with Division IV, section 5.A.i of the Authority's Agreement with Hambro/WSG; and

WHEREAS, the Authority Board has adopted Collections Change Order 15 which modifies the maximum rates to be charged by the Franchisee for municipal solid waste, green waste and recyclable materials collection and disposal services provided under section 7.2.B of the Franchise Agreement with Recology Del Norte, based on 85% of the changes to the Consumer Price Index between January 2011 and March 2018; and

WHEREAS, Attachment A to this Resolution describes the Franchise Collection customer rates approved under Collections Change Order 15; and

WHEREAS, Attachment B to this Resolution describes the customer rates which include the increases approved under Transfer Station Operations Change Order 27 and the adjustments to other fees collected by the Authority to comply with the California Integrated Waste Management Act of 1989 as amended, to comply with pledges of revenue to cover costs for post-closure maintenance of the Crescent City Landfill, and to pay related administrative, planning, and compliance expenses; and

WHEREAS, Attachment C to this Resolution describes the rates to be charged to customers of the Gasquet and Klamath small-volume container-site transfer stations;

NOW, THEREFORE BE IT RESOLVED by the Board of Commissioners of the Del Norte Solid Waste Management Authority that the rates specified in Attachments A, B and C to this Resolution are hereby adopted and shall take effect on July 1, 2018.

PASSED AND ADOPTED by the Board of Commissioners of the Del Norte Solid Waste Management Authority, County of Del Norte, State of California, on this 14th day of May, 2018, by the following polled vote:

AYES:

NOES:

ABSENT:

ABSTAIN:

ATTEST:

Blake Inscore, Chair
Del Norte Solid Waste Management
Authority

Eli Naffah, Secretary
Del Norte Solid Waste Management Authority

APPROVED AS TO FORM:

Martha D. Rice, General Counsel
Del Norte Solid Waste Management Authority

Schedule A: Recology Del Norte Collection Rates, starting July 2018

Monthly Rates for Weekly Residential & Multi-Family Collections

	Trash + Recycling	Brush Only	Recycling Only
20 Gallon Mini-cart on curb	\$ 21.75		
20 Gallon Mini-cart off-curb	\$ 27.19		
32 Gallon Cart on curb	\$ 27.21	\$ 10.54	\$ 20.04
32 Gallon Cart off-curb	\$ 34.01	\$ 13.17	\$ 25.05
64 Gallon Cart on curb	\$ 39.65	\$ 15.57	\$ 29.20
64 Gallon Cart off-curb	\$ 49.57	\$ 19.46	\$ 36.50
96 Gallon Cart on curb	\$ 57.46	\$ 23.61	\$ 42.30
96 Gallon Cart off-curb	\$ 71.82	\$ 29.51	\$ 52.88

Monthly Rates for Weekly Commercial Collections

	Trash (including Recycling for >0.9 cy if Multi-family)	Brush Only	Recycling Only
32 Gallon Commercial Cart *	\$ 42.45	\$ 11.82	\$ 24.11
64 Gallon Commercial Cart *	\$ 84.90	\$ 23.95	\$ 48.22
96 Gallon Commercial Cart *	\$ 148.59	\$ 43.88	\$ 84.40
1 cubic yard bin	\$ 150.03	\$ 104.96	\$ 83.35
1.5 cubic yard bin	\$ 216.06	\$ 149.43	\$ 120.02
2 cubic yard bin	\$ 269.09	\$ 182.37	\$ 149.48
3 cubic yard bin	\$ 389.65	\$ 261.12	\$ 216.45
4 cubic yard bin	\$ 487.69	\$ 319.86	\$ 270.91
6 cubic yard bin	\$ 706.30	\$ 467.35	\$ 392.35
10 cubic yard bin	\$ 2,385.96	\$ 1,484.37	\$ 1,325.40
20 cubic yard bin	\$ 3,342.81	\$ 1,929.67	\$ 1,723.01
30 cubic yard bin	\$ 4,177.52	\$ 2,411.52	\$ 2,153.26
40 cubic yard bin	\$ 5,012.22	\$ 2,893.35	\$ 2,583.49

Temporary Cart and Bin Collection Services, Collection One week after Delivery

	Trash	Brush Only	Recycling Only
64 Gallon Cart (Paired w/ 64 Gallon recycling)	\$ 38.75	\$ 12.78	
96 Gallon Cart (Paired with 96 Gallon recycling)	\$ 67.82	\$ 19.40	
2 cubic yard bin	\$ 75.74	\$ 51.11	\$ 42.07
3 cubic yard bin	\$ 118.60	\$ 80.03	\$ 65.88
4 cubic yard bin	\$ 156.49	\$ 105.60	\$ 86.93
6 cubic yard bin	\$ 207.10	\$ 139.74	\$ 115.04
10 cubic yard bin	\$ 679.47	\$ 458.51	\$ 377.44
20 cubic yard bin	\$ 871.41	\$ 545.62	\$ 449.16
30 cubic yard bin	\$ 1,063.12	\$ 665.66	\$ 547.98
40 cubic yard bin	\$ 1,443.72	\$ 903.97	\$ 744.15

* Trash service in these sizes includes a weekly recycling cart collection at no additional charge.

Other Collection Services, per collection

Commercial Compactors	\$ 78.74	per cubic yard per collection
Pre-paid single-family residential bags	\$ 8.04	per bag
Extra residential bulky item collection	\$ 68.82	per extra bulky item

Municipal Collection and Transport Services

Treatment Plant Sludge, screenings, slimmings and grit	\$ 188.18	per ton, incl. transport and disposal
Collection, hauling and unloading bins as directed	\$ 193.83	per haul

Additional Available Services and Potential Extra Fixed-fee Charges

For customers requesting a larger recycling cart than trash	\$ 0.00	Additional per month
Charge for re-locating Temp bin	\$ 55.06	per relocation < 5 miles
Unscheduled Collection	\$ 5.57	per unscheduled collection
Locking bin charge	\$ 5.57	additional per locking bin per month
Bear-proof Bin	\$ 111.32	Additional per bin per month
Special Service Fee	\$ 55.06	per half hour of extra labor
Pass-through charges for bulky item or lines placed in bin	\$ 0.00	+ DNC Transfer Station per item charge

Maximum Allowed Weights by Container Volume

	Maximum Allowed Weight	
Pre-paid single-family residential bags	40	pounds
20 Gallon Cart	40	pounds
32 Gallon Cart	60	pounds
64 Gallon Cart	120	pounds
96 Gallon Cart	180	pounds
2 cubic yards	580	pounds
3 cubic yards	840	tons
4 cubic yards	1100	tons
6 cubic yards	1660	tons
10 cubic yards	3.00	tons
20 cubic yards	4.25	tons
30 cubic yards	5.50	tons
40 cubic yards	6.25	tons

Bags, Carts, and Bins placed for collection with more than the allowed weight may not be collected. If Recology Del Norte collects an overweight container, they may charge for the amount over the allowed weight for that size container, at the approved rates charged at the Del Norte County Transfer Station.

Percentage Surcharges for Additional Services

Roll-out or off-curb charge	25%	Additional
Off-road surcharge, only on approved list of addresses	58.25%	Additional
Secondary Franchise Area	65%	Additional
Extra time for Temporary Bins	25%	of Rate for Temp. Bin for each additional week
Medical waste	80%	Additional
More than Weekly Collection	100%	Additional x (Coll/wk -1) x Rate
Weekend collection	50%	Additional

Rates Effective Starting July 2018

ATTACHMENT B

Schedule B: Transfer Station Rates

Effective starting July 2018

Except as provided below, the rate for disposal of refuse shall be as follows:		INCOMING	Rate	
Municipal Solid Waste				
Commercial, Franchise or Self-haul wastes	SW	\$ 151.44		per ton
Minimum Charge for wastes	SW	\$ 7.75		for up to 100 lbs
Gasquet Transfer Trailer	TRGAS	\$ 100.63		ton
Klamath Transfer Trailer	TRKLA	\$ 100.63		ton
Over 3 x 32 gal cans	SW30X	\$ 3.10		per 32 gal can
Over 2 x 45 gal cans	SW45X	\$ 4.65		per 45 gal can
Over 1 x 55 gal can	SW55G	\$ 5.70		per 55 gal can
Separated Recyclable Items				
Non-waxed corrugated cardboard	CCIN	\$ 19.84		per ton
Ferrous metals	METFE	\$ 29.32		per ton
Non-ferrous metals	METNF	\$ 19.54		per ton
Mixed metals	METMX	\$ 29.32		per ton
Textiles: Clean, dry and bagged. Shoes bagged separately.	TEXT	\$ 78.90		per ton
Bulky Items:				
Appliance, Large and metal	APPIN	\$ 31.84		each
Bulky Furniture Handling Fee	FURN	\$ 5.16		each + weight charge
Mattresses or box spring Handling Fee	MATBX	\$ 10.17		each + weight charge
Refrigerators	REFR	\$ 41.06		each
Tires:				
Auto, pickup, motorcycle each no rims	TIR_A	\$ 7.01		each
Small, wheel barrow, scooter, small trailer, pneumatic <10" no rim	TIR_S	\$ 6.46		each
Truck, no rim	TIR_T	\$ 13.96		each
Auto, pickup, motorcycle each with rims	TIRAR	\$ 9.91		each
Small, wheel barrow, scooter, small trailer, pneumatic <10" with rim	TIRSR	\$ 7.96		each
Truck with rims	TIRTR	\$ 25.79		each
Oversize tires (>60" in diameter), no rim	TIROS	\$ 149.44		each
Separated food & meat waste				
Dead Animals	ANIML	\$ 151.44		per ton
Fish Waste	FISH	\$ 151.44		per ton
Mixed food and compostable paper	SW	\$ 151.44		per ton
Separated Compostable Materials (no invasive weeds)				
Disposal of contained sewage sludge, screenings, grit or skimmings	SLUDG	\$ 151.44		per ton
Brush (no tansy, scotch broom, english ivy, or pampas grass)	BRUSH	\$ 53.07		per ton
Grass or leaves	GRASS	\$ 53.07		per ton
Untreated wood or lumber	WOOD	\$ 53.07		per ton
Stumps	STUMP	\$ 68.95		per ton
Separated 'Inert' Rocks & Soils				
Asphalt	ASPH	\$ 49.71		per ton
Concrete, no steel	CONC	\$ 54.67		per ton
Clean soil or sand	SOIL	\$ 49.71		per ton
Street sweepings	SWEEP	\$ 151.44		per ton
Special Wastes				
Autoclaved and containerized medical wastes	MEDI	\$ 151.44		per ton
Non-friable asbestos	ASBES	\$ 192.88		per ton
Minimum Charge for household electronics	CED	\$ 3.90		for up to 40 pounds
Electronic appliances w/o CRT's	CED	\$ 151.44		per ton
Construction Debris				
Trailers, modular homes	MHOM	\$ 248.17		per ton
Asphalt roofing	CONST	\$ 151.44		per ton
Gypsum sheetrock	CONST	\$ 151.44		per ton
Carpet, Clean and Rolled	CARPT	\$ 58.57		per ton
Volume - Based Rates (available only when weighing is not possible)				
Loose Refuse per cubic yard	SW_CY	\$ 16.66		per cubic yard
Loose Brush per cubic yard	BRUCY	\$ 6.63		per cubic yard
Loose Mixed Metals per cubic yard	METCY	\$ 18.25		per cubic yard
Loose Construction Debris per cubic yard	CONCY	\$ 37.86		per cubic yard
Household hazardous wastes (available only at the Del Norte County Transfer Station)				
Used motor oil	OILIN	\$ 0		qt
Used oil filters	OILFT	\$ 0		each
Ethylene glycol antifreeze	ANTIF	\$ 0		gal
Non-aerosol paints, stains, lacquers & varnishes	PAINT	\$ 0		gal
Lead acid batteries	BATT	\$ 0		each
Stored Batteries	SBATT	\$ 0		ton
Cathode ray tube devices (CRT's), televisions, computer monitors	CRT	\$ 0		each
Residential fluorescent tubes	FLOTB	\$ 0		each
Used Oil Paid	OILPD	\$ 0.40		per gal, paid to customer
Commercial Hazardous Wastes				
Commercial Oil Pumping (15-55 gallon container)	OILPUMP	\$ 15.77		per container pumped
Commercial Compact Fluorescent Tubes, each	FLOCC	\$ 1.85		each
Commercial Fluorescent Tubes, each 4'	FLOC4	\$ 3.65		each
Commercial Fluorescent Tubes, each 8'	FLOC8	\$ 7.26		each

Revised July 2018

ATTACHMENT C

DISPOSAL FEES AT THE GASQUET AND KLAMATH TRANSFER STATION SITES		Rate
<i>Effective Starting July 2018</i>		
STANDARD FEE FOR WASTE (0.44 cubic yard, 3 x 30 gal, 2 x 45 gal, or 1 x 55 gal)	minimum for mixed wastes	\$ 9.00
MINIMUM FEE FOR ELECTRONICS (up to 4.8 cubic feet or 0.18 cubic yards)	minimum for electronics	\$ 3.90
Each additional 30 gallon can over three	each additional can	\$ 3.10
Each additional 45 gallon can over two	each additional can	\$ 4.65
Each additional 55 gallon can	each additional can	\$ 5.70
Improper Disposal Fee if Customer places Bulky Items or Trash in wrong bin.	per occurrence	\$ 13.00
Appliance, Large and metal	each	\$ 31.84
Furniture, Bulky (incl. \$5.15 Handling Fee + \$13.60 for weight)	each (measured avg. weight 180 lbs)	\$ 18.75
Mattress or box spring (incl. \$10.15 for Handling + \$6.05 for weight)	each (measured avg. weight 80 lbs)	\$ 16.20
Refrigerators	each	\$ 41.06
Tires: Small wheel barrow, scooter, small trailer, pneumatic <10"	each	\$ 6.46
Tires: Small wheel barrow, scooter, small trailer, pneumatic <10" with rim	each	\$ 7.96
Tires: Auto, pickup, motorcycle each	each	\$ 7.01
Tires: Auto, pickup, motorcycle each with rims	each	\$ 9.91
Tires: Truck	each	\$ 13.96
Tires: Truck with rims	each	\$ 25.79
Oversize tires (>60" in diameter), no rim	each	\$ 149.44
Loose Refuse per cubic yard	per cubic yard	\$ 20.82
Loose Brush per cubic yard (small quantities from self-haulers - GASQUET ONLY)	per cubic yard	\$ 6.63

Updated July 2018

Comparison of Rates Charged for Solid Waste Services in the Del Norte Region

TRANSFER STATION SELF-HAUL RATES

Location	FY 17/18		FY 17/18		Humboldt County		FY 17/18		Del Norte County		2018/19		Curry County (CTR) FY 17/18

Minimum Charge	\$ 12.00	\$ 12.00	\$ 12.00	\$ 12.00	Eureka	McKinleyville							assumed to average 220 lb/cy	assumed to average 500 lb/cy
1x 30 gal can														
2x 30 gal can														
3x 30 gal can														
4 x 30 gal can (up to 140 lbs)														
"Light" per cubic yard *	\$ 19.91	\$ 19.80	\$ 19.80	\$ 26.40										
"Heavy" per cubic yard *	\$ 40.73	\$ 40.50	\$ 40.50	\$ 54.00										
Cost per Ton Waste	\$ 181.00	\$ 180.00	\$ 180.00	\$ 240.00										
\$ More per Ton than DNSWMA	\$ 29.56	\$ 28.56	\$ 28.56	\$ 88.56										
% More than DNSWMA	20%	19%	19%	58%										

* These are rates are reported to be charged by Curry Transfer and Recycling. For comparison, roughly equivalent rates were calculated from the per-ton rate for other facilities. Similarly, the CTR 'Cost per ton' was derived from their per cubic yard rates, though CTR has no scale in their system for public use. Yellow shaded cells indicate rates which were calculated for comparison, but which are not charged as such within that jurisdiction. Cost per Ton Waste for DNSWMA are projected rates, to start on 01 July 2018

The Authority's mission is the management of Del Norte County solid waste and recyclable material in an environmentally sound, cost effective, efficient and safe manner while ensuring 100% regulatory compliance with law.

Staff Report

Date: 10 April 2018
To: Commissioners of the Del Norte Solid Waste Management Authority
From: Tedd Ward, M.S. –Director 
Del Norte Solid Waste Management Authority
Attachments:
File Numbers: 120502 - Legislation
Topic: Advocacy Positions on Legislation

Summary / Recommendation: That the Authority Board adopt the recommended (or revised) advocacy positions on each of the bills described in this report, and authorize staff to prepare and send letters supporting adopted advocacy positions. As legislation is regularly modified through the committee review process, potential advocacy positions include: **Support, Support if Amended, Watch, Oppose Unless Amended, and Oppose.** The Board does not need to vote on a 'Watch' position, unless the Board wishes to communicate a specific message for advocacy.

Background: This year, the Authority Board has already adopted positions of Support for AB 168 (Weikowski) and Oppose for AB 2921 (Low). Staff have not included the text of these bills in this report to save paper. Revised text and status of all bills before the California legislature, however, may be found through this website: <http://leginfo.legislature.ca.gov/>.

Analysis: Considering the information available through Californians Against Waste and the California Product Stewardship Council (including some of the following bill descriptions), the following table summarizes additional bills during this legislative session that could impact programs or responsibilities of the Del Norte Solid Waste Management Authority:

Legislation - Topic	Summary	Next Step	Recommended Advocacy Position
AB 444 (Ting, Gray) – Home Generated Sharps and Med Waste	This bill would authorize the California Environmental Protection Agency to develop a statewide program for the collection, transportation, and disposal of home-generated medical waste, as defined.	Senate Environmental Quality Committee	Support
AB 1288 (Eggman) Tip Fee Reform	AB 1288 seeks to address the need for more organics recycling infrastructure in order to meet the 75% organic waste diversion mandate set by the Short Lived Climate Pollutant law, SB 1383. As cities begin to comply with these organic waste diversion rates, they will have to face tough decisions when deciding how to fund new recycling programs. Raising the funds at a statewide level will allow for the funding of needed infrastructure without tough decisions at the local level. If the state is going to meet its organic waste diversion mandates, significant investments in additional organics recycling facilities are needed.	Senate Environmental Quality Committee	Support
AB 1884 (Calderon) – Straws Upon Request	In an effort to stop plastic pollution and reduce the overwhelming amount of single-use plastic Californian's consume on a daily basis, Assembly Bill 1884 would require sit-down restaurants in California to forgo the automatic distribution of straws in every drink, and instead only provide a straw when it is requested by the customer.	Assembly Appropriations Committee	Support
AB 1912 (Rodriguez) – Joint Powers Agreements, Liability for Public Employee's Retirement	AB 1912 places substantial burdens and new challenging requirements on cities and Counties by applying retroactive as well as prospective joint and several liability for all retirement related obligations to any current or former member of a JPA throughout its existence.	Assembly Appropriations Committee	Watch Crescent City has already voted to Oppose.

Legislation - Topic	Summary	Next Step	Recommended Advocacy Position
<p>AB 2379 (Bloom) – Plastic Microfiber Pollution</p>	<p>This bill requires that all clothing made from more than 50% or more synthetic fabric to include a label that warns of plastic microfiber shedding which contributes to marine plastic pollution. Microfibers are a subcategory of microplastics consisting of plastic fibers that shed from synthetic fabric during regular washing. Right now, it's estimated that plastic microfibers are, by count, the single largest contributor to watershed plastic pollution in developed countries and account for a significant portion of plastic waste entering the ocean.</p>	<p>Assembly Floor</p>	<p>Support</p>
<p>AB 2766 (Berman)- Plastic Market Development</p>	<p>This bill would reinstate California's successful Plastic Market Development (PMD) program for an additional five years. Prior to sunseting on December 31, 2017, the PMD program ensured that between 75-80% of all plastic bottles were collected, processed, and manufactured into new products right here in California – providing quality in-state jobs, conserving natural resources, and keeping product-associated greenhouse gas emissions low.</p>	<p>Assembly Appropriations Committee</p>	<p>Support</p>
<p>AB 2779 (Stone, Calderon) – Connect the Cap</p>	<p>Plastic bottle caps are the third most commonly found item during California beach ups and pose a severe threat to birds and marine wildlife that mistake them for food. Between five and ten billion plastic bottle caps are estimated to enter our landfills or environment every year - just from California. These caps are made of recyclable plastic and are recyclable through existing beverage container recycling infrastructure. This bill would eliminate this source of plastic pollution by requiring all plastic beverage containers sold in California to have a cap that is connected to its bottle.</p>	<p>Assembly Floor vote</p>	<p>Support</p>

Legislation - Topic	Summary	Next Step	Recommended Advocacy Position
SB 212 (Jackson) – Medical Waste	This bill adds to the Medical Waste Management Act a definition of “home-generated pharmaceutical waste” as a prescription or over-the-counter human or veterinary home-generated pharmaceutical that is waste and is derived from a household, including, but not limited to, a multifamily residence or household.	Assembly Committee on Environmental Safety and Toxic Materials	Support
SB 452 (Glazer) – Bottle Bill Fix	Amid California's beverage container recycling center closure crisis, the beverage container recycling rate has slipped below 80% for the first time in a decade, resulting in 1.7 million beverage containers being littered or landfilled every day. This bill would refocus State resources in order to restore recycling incentives for recyclers to 2015 levels and bring recycling opportunities back to unserved communities. CAW is supporting this bill	Assembly Policy Committee	Support
SB 1335 (Allen) – Sustainable Food Packaging	This bill would help California meet its waste diversion goals by ensuring that all disposable food packaging provided at food service facilities serving to, or located in, a state agency or facility, or from a concessionaire on state property, is recyclable or compostable. "Packaging" would include all bowls, cups, plates, containers, and trays.	Senate Appropriations Committee	Support
